

Zane State College
Occupational Therapy Assistant Program
Statistical Data for Pass Rate on National Certification Exam for Graduates
January 1, 2009 – December 31, 2011

total number of program graduates	86
total number of first-time test takers	83
total number of first-time test takers who passed	74
percentage of the total number of first-time test takers who passed	89%

Note - During the same three year period NBCOT reports 85 passing candidates, but in 2009 two of the candidates were first time takers in a previous year (one in 2003 and one in 2008). This leaves the number of first time takers in 2009 at 21.
