

## **Program Outcomes**

### **Program Outcome on Graduate Satisfaction**

- Each year graduates are requested to complete a survey to rate their overall experience of the HIMT program at Zane State College. Results indicate 100% agreement that the program helped graduates acquire the skills and knowledge to perform as a Health Information Technology Professional and that their overall academic experience met or exceeded their expectations.

### **Program Outcome on Employer Satisfaction**

- Each year employers are requested to complete a survey regarding the Zane State College HIMT graduates they hire. Results of the survey indicate 100% agreement that our graduates possess the technical skills and knowledge to perform the duties they were hired for in the health information management work environment.
