

Zane State College – PTA Program **Student Outcomes Information**

Information is from the December 2022 Annual Assessment Report to CAPTE and includes data for graduates of classes admitted in 2018 and 2019 who graduated respectively in 2020 and 2021.

Graduation Rate – 67.6% (23 of 34 students)

This number reflects the percentage of students who were admitted that ultimately graduated in 100 to 150% of the expected time to complete the program. 21 graduated on time. 2 graduates in 150% of the time and 11 did not complete the program due to academic deficit.

Licensure Exam Pass Rate - 95.5% (21 of 22 students)

This number reflects the number of students/graduates who ultimately passed the NPTE for the PTA.

2020 – All 9 students passed on first attempt.

2021 – 10 of 13 passed on the first attempt. 2 additional passed on the second attempt. 1 graduate did not pass.

Employment Rate – 95.2% (20 of 21 licensees)

This reflects graduates who passed the exam who were eligible for employment, sought it and were employed in the field as PTAs within 12 months of graduation/licensure passage. One graduate who did not find local employment as a PTA immediately chose to accept employment outside of the field. It is not known if they have since begun work as a PTA.

Data Used to Calculate Graduation Rate

Year Cohort Began	Beginning Size of Cohort	Number Graduating on Time	Graduation Year	Number Graduating in 150% of time	Number That Did Not Graduate	Percent Graduation Rate
2018	18	9	2020	1	8 – all academic deficit	55.6% (10/18)
2019	16	12	2021	1	3 – all academic deficit	81.3% (13/16)
Total	34	21/34		2/34	11/34	67.6% (23/34)

*Note that certain types of student withdrawals are no longer counted ‘against’ the graduation rate. That is why the graduation rate may appear higher than expected when viewing raw data. This cycle, however, all students who did not graduate were for academic deficit and do count against the graduation rate.

Data Used to Calculate Licensure (NPTE-PTA) Pass Rates

Graduation Year	Number of Graduates	Number of Graduates Taking Exam	Number of Graduates Passing Exam	Percent Ultimate Pass Rate
2020	9	9	9	100%
2021	13	13	12	92.3%
Total	22	22	21/22	95.5%

In 2020, **100% (9/9) graduates passed the exam on their first attempt.**

In 2021, **76.9% (10 of 13) grads passed on the first attempt.** 2 additional graduates passed on the second attempt bringing the overall pass rate to 92.3%. It is not known whether the final graduate attempted to take the NPTE more than 1 time.

The following data is being provided as a courtesy. Data will be integrated and used in 2 year rolling averages upon publication of this report in 2024.

Graduation Rate

Year Cohort Began	Beginning Size of Cohort	Number Graduating on Time	Graduation Year	Number Graduating in 150% of time	Number That Did Not Graduate (*some do not count in calculation)	Percent Graduation Rate
2020	10	5	2022	0	5 (3 for academic deficit; 2 for other reasons)	62.5% (5/8)

- Note that students who leave the program for reasons other than academic deficit are no longer counted against the graduation rate. That is the reason for the graduation rate percentage appearing higher than expected when viewing raw data.

Licensure (NPTE-PTA) Pass Rates

Graduation Year	Number of Graduates	Number of Graduates Taking Exam	Number of Graduates Passing Exam	Percent Ultimate Pass Rate
2022	6	6	6	100%

50% (3/6) of the graduates passed on their first attempt. The other 50% (3/6) of the graduates passed on their second attempt.

Employment Rate

Graduation Year	Number of Licensees Seeking Employment	Number of Licensees Obtaining Employment	Percent Employment Rate
2022	6	6	100%
