College Credit Plus - Parents' Guide

Parents: How can you support your student in making this transition to college?

- Don't assume that no news is good news.
- Understand that learning & communication is the **student's responsibility!!!**
- It is okay to struggle. Failing is part of learning.
- Help your student create and keep a schedule
- Email or call Heather with concerns (make sure your student has filed a FERPA form with the college. We will complete these on Welcome Day).

Parents should not contact the instructor directly?

College faculty do not communicate with parents. Communication about a student's progress in college classes is the responsibility of the student. Privacy laws limit the amount of information a college representative can provide.
