ASSOCIATION OF
DESK AND DERRICK

February 25, 2019

To Whom It May Concern:

The Tuscarawas Valley Desk and Derrick Club is interested in awarding scholarship(s) to students pursuing a degree in an energy related field such as geology, geophysics or engineering. To achieve this result, we ask your assistance in seeing that this application reach the persons able to distribute the application for scholarships.

Since 1949, the Association of Desk and Derrick Clubs (ADDC) has been a dynamic organization and an industry leader in promoting education of the petroleum, energy and allied industries. ADDC is a major contributor of energy education through informative programs, on-site field trips, workshop, seminars and teaching publications. Serving nearly 1,300 individuals employed in or affiliated with the petroleum, energy and allied industries, ADDC is comprised of 48 clubs within 4 regions throughout the United States and Canada.

Membership in a club is granted to individuals actively employed in, affiliated with, or retired from the petroleum, energy or allied industries as well as individuals interested in increasing their knowledge about these industries; to former Desk and Derrick members; and to individuals enrolled in an accredited course of study with a declared major in an energy related field.

Each year we sponsor a scholarship for a full or part time student who has completed a minimum of 6 hours of undergraduate course work, even though they may still be in high school. Applicants must have a 3.0 GPA or higher (computed on a 4.0 scale), be pursuing a degree in a major field of study related to the petroleum, energy or allied industries and show financial need.

Last year we were able to award two \$1,000 scholarships. We would like to continue this effort with your assistance. Please do whatever you can to see that this application reaches a worthy candidate for our scholarship. Also, please advise students to submit all pages of the application and the required reference letter and financial aid information as requested.

If you would like further information about ADDC, please visit www.addc.org

Sincerely,

Kelli Hiltbrand
Scholarship Chair
