

UNDERSTANDING THE ACCUPLACER

What do your scores mean?

College Credit Plus (CCP) advisors at ZSC use your ACCUPLACER test results to help place you in classes that match your skill level. ACCUPLACER tests help identify your knowledge, strength, and needs in math, reading, and writing. Along with information about your academic background, goals, and interests, your ACCUPLACER results help you choose courses that match your skill level and give you the best opportunities for success.

QUANTITATIVE REASONING ALGEBRA AND STATISTICS

WRITER PLACER

Can you take the test again?

Yes! If you are not satisfied with your performance, you may retake the ACCUPLACER two weeks after your first attempt. There is a \$10 fee to retake the Accuplacer.

TIP! Before you retest, we strongly recommend that you brush up on your skills.

Go to <https://accuplacer.collegeboard.org/student/practice> to get the web-based app.

The official web-based study app

The ACCUPLACER web-based study app features practice tests in each test subject. You can access it from most devices with internet access. It will help you become familiar with the content and format of the ACCUPLACER test questions.
