

Zane State College Credit Plus Program (CCP) 2018-19 Guidelines

The College Credit Plus program can help students earn college and high school credits at the same time by taking college courses from Zane State College. The purpose of this program is to promote rigorous academic pursuits and to provide a wide variety of options to college-ready students. Taking a College Credit Plus course from the College is free, which means no cost for tuition, books or fees.

Preparation

High school personnel must advise students and parents of the advantages and disadvantages of participating in the program prior to the student applying for entry into the program. High school personnel are responsible for explaining the equivalency, or lack of equivalency, of a given course at Zane State College in meeting high school graduation requirements. **Each Zane State College class has specific requirements for eligibility.** The high school counselors and Zane State College representatives will review each student's academic history to determine placement into classes.

All CCP applicants must take the reading, writing, and math assessment (placement test). This may take place at the high school or a Zane State College campus. ACT/SAT scores MAY be used to substitute for one or more parts of the placement test.

All CCP Students

Students participating in CCP by taking classes on a Zane State College campus (Zanesville or Cambridge) must submit the following items:

By June 1 high school students should submit:

- College Credit Plus program application to guidance counselor
- If over 18 and male, selective service number is required

By July 1 Guidance counselors must submit complete application packet to Zane State College High School Programs Department including:

- Application, high school transcript and placement test Accuplacer or ACT/SAT scores

Your high school will require additional forms – please check with your school counselor

On Campus CCP Students

On campus CCP applicants must attend a CCP Orientation session at Zane State College prior to the start of the semester. All parents of prospective students are strongly advised to attend one of these orientation sessions, usually held in May or June.

On campus CCP applicants must meet with a campus CCP advisor prior to August 3 to register for classes. Call 740-588-5000 to schedule an appointment or email smeadows@zanestate.edu.

Home High School CCP Students

School counselors will work with Zane State College CCP advisors to determine proper placement of students in college classes. Zane State College CCP advisors determine placement based on course requisites.

Questions regarding the College Credit Plus program at the high school should be directed to: Micheale Druckenbrodt, mdruckenbrodt@zanestate.edu.
